General Details

Note that all memberships become due for renewal on 1 April. Applicants joining late in the year – after 1 November will have their membership extended to the end of the next membership year. This extended membership option supersedes the previous 50% Discounted fee option for applicants applying to join after 1 October. Members are governed by the rules of the society. Please refer to our website and/or contact our secretary for details of our Constitution, insurance coverage and privacy and data protection policy. We are not registered for GST and do not issue Tax Invoices. Membership of one or more Branches and/or the national ANPSA Study Groups are OPTIONAL additions to Region membership. Student Membership is available to **full time** students and proof of Student Status is required (e.g. copy of Student card). New memberships receive a “Welcome” pack with information and brochures and will also include a copy of our most recent journal.

Our “Members only” section of our website is available to all members who have provided a valid (and unique) email address. The same email address can not be used for different persons included on one membership.

Our quarterly full colour *Native Plants Queensland* Journal is published in June, September, December and March and posted to all memberships. Members joining after 1 November will be entitled to the December and March issues of our journal for the current membership year and the full set of 4 issues for the next membership year. We also publish an electronic (PDF file format) “Annual” each year with reports from our Region councillors and our branches. Multi-person memberships receive only one “set” of our publications, not a set for each member.

Please refer to our website and our facebook page for additional information including coming events. If you are interested in becoming more involved in our activities please contact one of our Region or Branch Officers directly. We are always keen to involve our members.
